We are so appreciative that we can share a bit of our lives with you. **We hope this photo book gives you insight into our adventurous and loving lifestyle and how excited we are to expand our family once again through the blessing of adoption.** We truly respect and honor your courage as you embark on your adoption plan, and we are open to one that works for YOU! We humbly thank you for your consideration and would truly love the opportunity to get to know you better.

Our wedding day

HERE'S Our Story

Horseback riding along the beach in Iceland

WE MET ONLINE in 2014 and immediately hit it off. Andy states that he knew John was special when he gained the approval of his trusted four-legged companion, Dexter (p.s. Dexter loves everyone).

After about a month and half, John asked Andy to be his first boyfriend. This was only the beginning of our adventure. We continued to spend time together and fell in love more each and every day. **We traveled the world together and became an important part in each other's life, always being there for one another.**

In April 2017, we ventured outside of Barcelona, Spain to hike up the mountains of Montserrat. Once we reached the peak, John proposed to Andy in Spanish. Andy definitely shed a few tears and replied back "sí!" We tied the knot shortly after in October 2017 in a beautiful fall ceremony surrounded by family and friends.

We absolutely love and adore our children, Isabella and Camden. Izzy was born in Dallas, Texas and Camden was born in Houston, Texas. We are forever **THANKFUL** for their birth mothers who chose to place them with us.

Ready to be big siblings

Minnesota State Fair & Mini Donuts

We strive to make whatever we're doing an ADVENTURE...

... whether we're snorkeling in the Great Barrier Reef, chasing the kids, or playing board

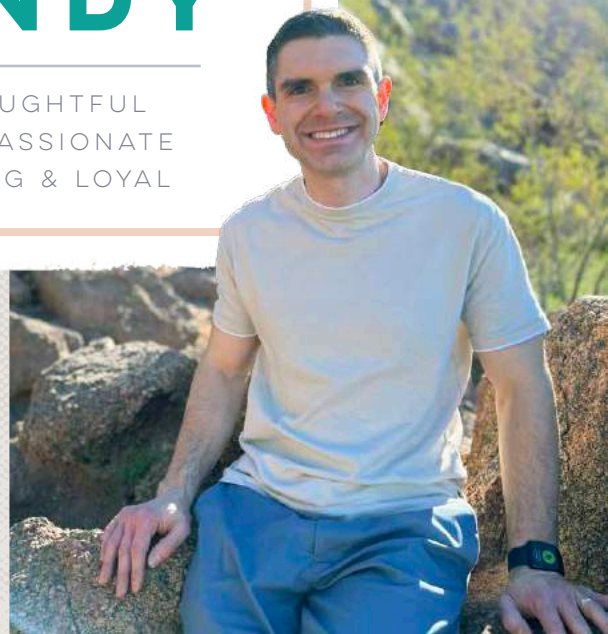

games with friends. We are excited to complete our family and can't wait to raise another child with the same unconditional love we have for each other and our children.

I was born in Southern California, and when I was 4, my parents decided to move me and my older sister to Minnesota. They didn't know anyone here (!), but heard it was a great place to raise kids. I'm very happy for that decision, as this is the place I call "home."

introducing **ANDY**

THOUGHTFUL
COMPASSIONATE
LOVING & LOYAL

I have a wide array of hobbies as an adult. **I love to travel**, and one of my favorite memories is encountering a wallaby on a hike in southern Australia. **I like to stay active**, whether that's lifting weights or going on an outdoor hike. John may be the better cook, but I also like to cook healthy, delicious meals. **Finally, I am a big fan of public radio and enjoy staying up to date on the latest world events.**

My Career

I work as an actuary for an insurance company which means I use statistics to assess risk. It may be a bit of a nerdy job, but it works well for a detail-oriented guy like myself.

introducing JOHN

PLAYFUL, ENERGETIC
GOOFY, LOVING
& SELFLESS

I was born in the beautiful state of Minnesota, the middle of five kids. In addition to my siblings, my parents also took in and raised three additional kids who became siblings to me as well. It was great having such a busy household, though we didn't always have a lot of privacy!

As an adult, I love spending time with my family. I'll continue to be the jungle gym for our kids and my nieces and nephew, even as they get older! I'm into gardening and food preservation, especially canning. Some of my favorites to make (and for Andy to eat) are cinnamon peach jam, applesauce, and pickles! My dream is to be on Survivor one day - I've been watching the show since Season 1 when I was 10 and have never missed an episode!

My Career

I started my career as a paramedic in 2014. I am now a field training officer and spend my time running 911 calls and training new paramedics. Each day can be different and crazy (including delivering a baby!), but I love serving the community and helping those in need.

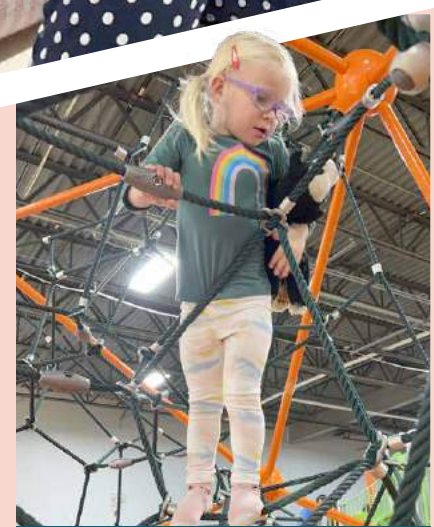

I ADORE BEING "PAPA" TO ISABELLA AND CAMDEN. MY PATIENCE, SELFLESS ATTITUDE, AND LOVING NATURE WILL CREATE A POSITIVE ENVIRONMENT FOR YOUR CHILD.

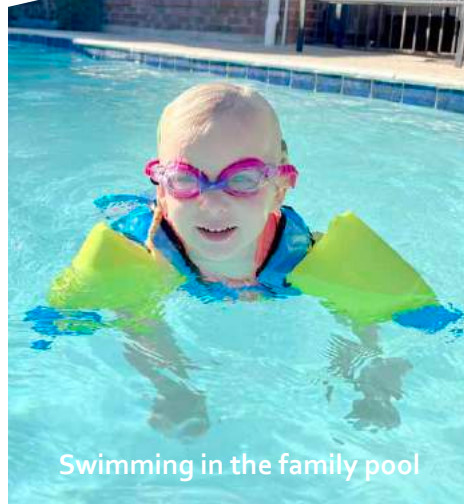

Hiking in Pheonix

introducing big sister **I S A B E L L A**

Isabella was born in June 2020 near Dallas, TX. We met her shortly after birth in the hospital, and fell immediately in love. Izzy is full of personality, is always happy, and loves being adventurous, just like her Daddy and Papa. Her favorite things to do include splashing in the neighborhood pool, riding her bike (both outdoors and indoors!), dancing, playing hide and seek, climbing to the top of the jungle gym, being a big helper (especially making food), and loving her younger brother. **She is ecstatic to be an older sister again and help feed the baby bottles, just as she did with Camden.**

Always climbing!

Swimming in the family pool

Playground time!

WE HAVE SO MUCH LOVE FOR IZZY'S BIRTH MOTHER AND FAMILY AND REGULARLY COMMUNICATE ON FACEBOOK AND SEND CUTE PICTURES AND VIDEOS ON SNAPCHAT. Given the distance, we look forward to making the most of yearly in-person visits which include picnics at the park and outdoor activities.

introducing big brother CAMDEN

Camden was born in February 2022 in Houston, TX. We were chosen to be his Daddy and Papa one day after his birth, and hopped on the first plane to meet our little boy. Camden is extremely loving, has the best laugh there is, cuddly, and studious (he loves letters, numbers, and shapes). His favorite things to do are reading books, building towers with blocks, going down slides, coloring, playing with puzzles, and copying anything his older sister is doing. **Camden absolutely adores Izzy, and we know he'll exhibit the same love toward your child.**

» WE ARE SO THANKFUL THAT CAMDEN'S BIRTH MOTHER TRUSTED US TO RAISE HER CHILD.

At this time, she prefers pictures and updates only, which we share via Facebook.

a place called HOME

WE LIVE IN A LOVELY HOME IN SUBURBAN ST. PAUL WITH PLENTY OF SPACE INSIDE.

We have a sizable backyard with a playground set, vegetable and fruit garden, apple and pear trees, and open areas for outdoor activities. Our community is full of children of all ages, and we love taking the kids to the neighborhood pool and park. We are minutes away from the Minnesota Zoo, parks, and lakes. **Finally, our school district is one of the best in the state!**

the people
WE LOVE

We are both extremely close with our families and most live just minutes away. The family is ecstatic for a new addition, especially nieces and nephews, who always ask about when they will have another cousin to play with.

Two families unite for John and Andy's special day

We are very fortunate to have a loving and supportive family that has always been there for us. They have been a valuable and important resource on the journey of parenting. They visit often, and the kids love seeing Nana, Pap Pap, Grandma, and Grandpa. Any child raised by us will have the full love and support of our entire families.

John's family

Our friends are also an important part in our lives. Many of them have children and can't wait for more playmates! We love to host others for dinner, board games, and fun conversations. We are lucky to have such a strong support network in our friends.
