OUR STORY

HAVING FUN
AT DISNEY'S
HOLLYWOOD STUDIOS

Since we first met, we've always known we were meant for each other. Our journey began with a funny story - on our first date, we visited Cafe Tutu Tango in Orlando, Florida. As a curious twist of fate, there was a Tarot reader there, and we decided to have our cards read. To our surprise, he predicted that we would end up getting married and enjoying a wonderful life together. It was astonishing to hear this on our very first date, but as time has shown, he was right. **We feel incredibly blessed to have each other, sharing the same values and principles in life, and fulfilling our dream of becoming parents.**

Ben

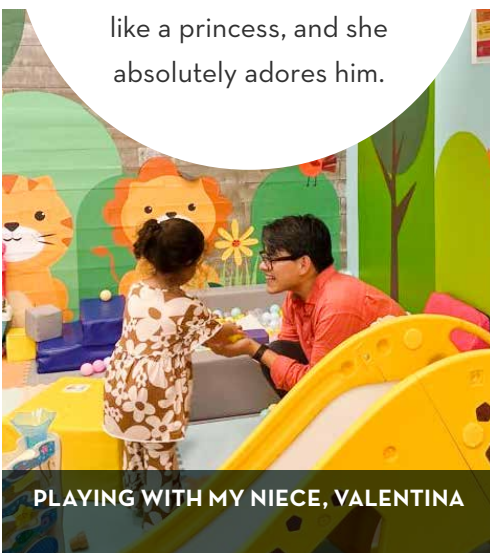

BY KEVIN

Ben is one of the most wonderful people I have ever met, and from our very first date, I knew I wanted to spend the rest of my life with him. He approaches everything he does with unwavering dedication and self-driven enthusiasm. His warm and caring personality is a gift he shares with everyone he meets. **What I love most about him is the goodness of his heart and his kindness towards everyone.** His close connection with his family underscores how important they are to him. We share the same principles and values when it comes to our future as parents. His charming personality naturally puts everyone at ease around him.

“

I have no doubt he will be an **EXCEPTIONAL FATHER**, imparting **INVALUABLE VALUES** and **ENSURING A SAFE, LOVING ENVIRONMENT** for our child to grow up in.

His natural rapport with children shines through; he treats our little niece like a princess, and she absolutely adores him.

CELEBRATING MY SISTER IN LAW WEDDING WITH MY PARENTS AND BEN'S MOM AND GRANDMA

Ben's sisters are very active in our lives. They live just 10 minutes away from us, and we get together every week. They can't wait to become aunts and love our child as if were theirs. One tradition we enjoy is to spend Christmas morning together and open our gifts as a family. We love going on new adventures, and recently took a family trip to Mackinac Island, Michigan. We feasted on Michigan trout, held camp fires at night, and hiked and visited beaches during the day. We enjoy playing board games together, and have become pretty competitive at the online game of Wordle together.

Our parents both live in town, only 20 minutes away from us. We maintain a wonderful relationship with them, and they are always present in our lives, offering us immense support. **They are excited to witness us becoming parents, and their unwavering support is a testament to that excitement.** They are prepared to embrace and love our child.

Kevin's best friend also resides in town and works with him. She has become part of our lives, essentially becoming a cherished member of our family.

We have numerous friends who started as clients but have now become part of our family. Our commitment to honesty, integrity, and ethics in our work has led to these relationships. We are profoundly grateful for the overwhelming support and love they shower upon us.
