OUR Story

Our love story began when we met on Match.com, and our first date was a memorable run near a local river followed by brunch. We instantly connected when we learned that we both share a passion for an active lifestyle, healthy eating, and love for dogs. It felt like we had known each other for years right from the start. We consider ourselves incredibly fortunate to have found true love, and our wedding day was a moment that meant the world to us. The shared values of mutual respect, honesty, patience, and love that we hold dear bring us even closer together.

Each day, our love continues to grow. We bond over participating in 5k road races, going for bike rides by the river, attending local sporting events, and celebrating festivals in our community. Our three adorable dogs are always by our side on walks and outings. Additionally, we share a deep passion for travel and experiencing adventures together.

We look forward to our next life adventure - becoming parents! We are excited about the opportunity to guide and nurture a child as they become their unique selves. As a family, we envision creating cherished memories during outings to museums, parks, swimming pools, and enjoying quiet time at home, curled up on the couch reading our favorite books. We can't wait to become a family of three!

MEET Kacey

Kacey is truly amazing, loving, and generous, making it easy to see why I fell in love with her. Her patience, kindness, and dedication make her exceptional. She has a caring nature that extends to our furry family, acting as a great caretaker for our dogs, and keeps our home harmonious and loving. Among the many qualities I cherish in Kacey, her unwavering dedication to her goals stands out. She gives her all to everything she does. Her hobbies, such as running and volunteering at the local animal shelter, showcase her nurturing spirit and zest for life. As a high school math teacher, Kacey finds fulfillment in building strong relationships with her students and creating engaging lesson plans - something her students always rave about!

There is no doubt in my mind that Kacey will love a child beyond measure, always spending quality time with them, encouraging their creativity and exploring their interests. She'll create cherished memories cooking and baking with them and be a reliable pillar of support throughout our child's educational journey. I am filled with joy and excitement, knowing that Kacey will make an exceptional mother, showering a child with all the warmth, love, and support they need to thrive in life.

MEET Michael

Michael is truly an amazing person. His kind-hearted, patient, and easy-going nature make him a joy to be around. I fell in love with him because he values both hard work and fun, striking a perfect balance in life. One of my favorite qualities in Michael is his openness to trying new things. In his free time, Michael enjoys reading finance and technology articles, playing video games, exercising, and spending time with our dogs. As an aerospace engineer, Michael is passionate about his work, which allows him to learn new things daily and work with an awesome group of people.

I already know Michael will be an extraordinary dad by seeing the way he interacts with our nephew and niece. He spends time learning magic tricks to entertain them and truly values being a positive influence in their lives - they absolutely adore him. Michael's support and love for a child will know no bounds. He will be deeply invested in a child's interests, passions, and personal growth. As a dad, he will be present, playful, enthusiastic, and encouraging, nurturing their development with care and devotion. He will be the BEST dad!

WELCOME TO *Our Home*

We absolutely adore our home for its big backyard and warm light that fills each room. We eagerly anticipate creating beautiful memories with a child, playing and exploring together in the sunshine. Our neighborhood is perfect for little ones, with fantastic parks nearby that have huge playgrounds and regular events dedicated to children. Moreover, we are fortunate to have a fantastic zoo and a delightful children's museum just a short drive away. Additionally, excellent schools surround us, ensuring that a child will always have access to a wonderful education. We can't wait for a child to call our house their home.

We can already envision sharing holiday celebrations like Thanksgiving, Christmas, and Easter, each one filled with warmth and love in our home. Beyond special occasions, we are excited about creating new traditions like Friday pizza nights and the delightful surprise of cake for breakfast on birthdays, making our home a place brimming with joy and happiness for our growing family.

We'll show them that hard work, dedication, and perseverance can help them achieve their dreams. Teaching them to be caring, honest, and empathetic, as well as treating others with kindness and respect, embracing diversity, and making meaningful connections is vital to us. We also want to provide a child with life skills, like advocating for themselves and others, being independent, understanding finances, and encouraging a spirit of community service through volunteering. Above all, we will work tirelessly to support and love a child unconditionally, helping them embrace self-confidence and take pride in who they are. We want them to believe in their abilities and potential to achieve anything they set their minds to!
